## What is this product?

**Type:** Units of a Sub-Fund of Amundi S.F., an Undertaking for Collective Investments in Transferable Securities (UCITS), established as an FCP.

**Term:** The term of the Sub-Fund is unlimited. The Management Company may terminate the fund by liquidation or merger with another fund in accordance with legal requirements.

**Objectives:** Seeks to increase the value of your investment over the recommended holding period.

The Sub-Fund invests mainly in euro denominated bonds. These bonds may be issued by governments, supranational and municipal entities and are due to be paid off in 7 - 10 years. The Sub-Fund may use derivatives to reduce various risks, for efficient portfolio management or as a way to gain exposure to various assets, markets or income streams.

**Benchmark :** The Sub-Fund is actively managed and seeks to outperform the JP Morgan GBI EMU 7-10 Yrs Index. The Sub-Fund is predominantly exposed to the issuers of the benchmark, however, the management of the Sub-Fund is discretionary, and will invest in issuers not included in the Benchmark. The Sub-Fund monitors risk exposure in relation to the benchmark and the extent of deviation from the benchmark is expected to be limited, whilst, at the same time, the manager seeks to generate excess return through managing specific overlay strategies.

**Management Process :** The Sub-Fund integrates Sustainability Factors in its investment process and takes into account principal adverse impacts of investment decisions on Sustainability Factors as outlined in more detail in section "Sustainable Investment" of the Prospectus.

The investment manager constructs a portfolio with similar risks to the benchmark, then uses a risk-managed approach to identify investment strategies, in particular, those associated with core rates, thematic opportunities, relative interest rates and inflation, that may help the Sub-Fund outperform the benchmark.

This is a non-distributing unit class. Investment income is re-invested.

The minimum recommended holding term is 4 years.

Investors may sell on demand on any business day in Luxembourg.
