This PRIIP is authorised in Luxembourg.

FundPartner Solutions (Europe) S.A. is authorised in Luxembourg and regulated by the Commission de Surveillance du Secteur Financier (CSSF).

This key information document is accurate as at 31<sup>st</sup> July 2025.

## What is this product?

### TYPE OF PRODUCT

The product is a sub-fund of Protea Fund, an Undertaking for Collective Investment in Transferable Securities (UCITS) incorporated as a variable capital investment company (SICAV) under the laws of Luxembourg.

### TERM

The Sub-Fund is established for an unlimited duration. However, the board of directors may also propose to dissolve a sub-fund at a general meeting of that sub-fund.

### OBJECTIVES

#### Objectives and investment policy

The Sub-Fund's objective is to provide capital growth by offering mainly an exposure to equities and equity related securities (such as subscription rights, closed-ended Real Estate Investment Trusts (REITs)).

The Investment Manager integrates Sustainability Risks and opportunities into its research, analysis and investment decision making processes. The Sub-Fund promotes certain environmental and social characteristics within the meaning of article 8 of SFDR but does not have a sustainable investment objective.

The Sub-Fund will have a focus on companies across all economic sectors (except companies of the energy sector that own oil, gas and coal reserves) which are located in the European Economic and Monetary Union ("EMU") and contribute to sustainable development, covering the Socially Responsible Investment ("SRI") criteria. Meaning that under normal market conditions, EMU SRI investments (excluding companies of the energy sector) will represent at least 90% of the Sub-Fund's portfolio (assets excluding cash and cash equivalents). The Sub-Fund will also aim to avoid to invest in companies that are conducting non-compulsory animal testing for non-medical purposes. In this context, primary research on socially responsible investments will be conducted by an external service provider on behalf of the Sub-Fund.

In order to achieve its objective, the Sub-Fund will mainly invest directly in the securities/asset classes mentioned above.

On an ancillary basis (up to 49% of its net assets), the Sub-Fund may invest in any other type of eligible assets, such as cash, Money Market Instruments, UCIs and structured products (as described below).

However, the Sub-Fund's investments in units or shares of UCIs (UCITS and/or other UCIs) shall not exceed 10% of the net assets of the Sub-Fund.

If the Investment Manager considers this to be in the best interest of the Shareholders, on a temporary basis and for defensive purposes, the Sub-Fund may also hold up to 100% of its net assets in liquidities as among others cash deposits, money market UCIs (within the 10% limit abovementioned) and Money Market Instruments.

**Derivatives** For hedging and for investment purposes, the Sub-Fund may use all types of financial derivative instruments traded on a Regulated Market and/or OTC provided they are contracted with leading financial institutions specialised in this type of transactions and subject to regulatory supervision.

**Benchmark** The Sub-Fund is actively managed. The Sub-Fund has no benchmark index and is not managed in reference to a benchmark index.

**Dividend Policy** This Class is cumulative. Dividend distributions are not planned.

**Share Class Currency** The currency of the Class is EUR.

The recommended holding period of this product is determined to allow sufficient time for this product to reach its objectives and avoiding short term market fluctuations.

The return of the product is determined using the Net Asset Value (the "NAV") calculated by FundPartner Solutions (Europe) S.A. (the "Administrative Agent"). This return depends mainly on the market value fluctuations of the underlying investments.

### INTENDED RETAIL INVESTOR

The product is suitable for retail investors with limited knowledge of the underlying financial instruments and no financial industry experience. The product is compatible with investors who may bear capital losses and who do not need capital guarantee. The product is compatible with clients looking for growing their capital and who wish to hold their investment over 7 years.

### OTHER INFORMATION

**Depository** Bank Pictet & Cie (Europe) AG, succursale de Luxembourg (the "Depository").

**Asset segregation** The assets and liabilities of each sub-fund are segregated by law, which means that the performance of the assets in other sub-funds does not influence the performance of your investment.

**Dealing** The NAV for this Class is calculated on each Business Day, on the basis of the pricing of the preceding business day ("the Valuation Day"). For any subscription or redemption request received by the Fund, prior to 1 p.m. Luxembourg time, on the Valuation Day, the NAV calculated based on the pricing of the Valuation Day will be applicable.

**Switching** Shareholders may apply for any shares of any sub-funds to be converted into shares of another sub-fund, provided that the conditions for accessing the target class or sub-fund are fulfilled with respect to this sub-fund, on the basis of their respective NAV calculated on the Valuation Day following receipt of the conversion request. The redemption and subscription costs connected with the conversion may be charged to the shareholder as indicated in the prospectus. For more details about how to switch between sub-funds, please refer to the prospectus.

**Additional Information** More detailed information on the Fund, such as the prospectus, other classes, the key information, the latest NAV, the articles of incorporation as well as the latest annual and semi-annual report, can be obtained free of charge, in English, from the Administrative Agent, the distributors, the Management Company or online at [www.fundsquare.net](http://www.fundsquare.net).

This key information document describes the Class of one sub-fund of the Fund. For more information about other sub-funds, please refer to the prospectus and periodic reports that are prepared for the entire Fund.

## What are the risks and what could I get in return?

### Risk indicator

The risk indicator assumes you keep the product for 7 years.

The actual risk can vary significantly if you cash in at an early stage and you may get back less.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you. The essential risks of the investment fund lie in the possibility of depreciation of the securities in which the fund is invested.

### Performance scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back. What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product and a suitable proxy over the last 12 years. Markets could develop very differently in the future.

| Recommended holding period (RHP):<br>Example investment |  | 7 years<br>EUR 10,000       |                              |   |
|---|--|-----------------------------|------------------------------|---|
|   |  | If you exit after<br>1 year | If you exit after<br>7 years |   |
| <b>Scenarios</b>  |  |                             |                              |   |
| <b>Minimum</b>  | <b>There is no minimum guaranteed return. You could lose some or all of your investment.</b> |                             |                              |   |
| <b>Stress scenario</b>                                  | <b>What you might get back after costs</b><br>Average return each year                       | EUR 6,280<br>-37.2%         | EUR 1,710<br>-22.3%          |   |
| <b>Unfavourable scenario</b>                            | <b>What you might get back after costs</b><br>Average return each year                       | EUR 8,050<br>-19.5%         | EUR 11,220<br>1.7%           | This type of scenario occurred for an investment between December 2023 and December 2024. |
| <b>Moderate scenario</b>                                | <b>What you might get back after costs</b><br>Average return each year                       | EUR 10,920<br>9.2%          | EUR 15,660<br>6.6%           | This type of scenario occurred for an investment between January 2013 and January 2020.   |
| <b>Favourable scenario</b>                              | <b>What you might get back after costs</b><br>Average return each year                       | EUR 14,880<br>48.8%         | EUR 17,730<br>8.5%           | This type of scenario occurred for an investment between June 2016 and June 2023.         |

The stress scenario shows what you might get back in extreme market circumstances.

## What happens if FundPartner Solutions (Europe) S.A. is unable to pay out?

The Management Company is not making any payment to you in relation to the Sub-Fund and you would still be paid in case of a default from the Management Company.

The Sub-Fund's assets are held with a separate company, the Depository, so the Sub-Fund's ability to pay out would not be affected by the insolvency of the Management Company. However, in the event of the Depository's insolvency, or its delegates, the Sub-Fund may suffer a financial loss. However, this risk is mitigated to a certain extent by the fact the Depository is required by law and regulation to segregate its own assets from the assets of the Sub-Fund. The Depository will also be liable to the Sub-Fund or its investors for any loss arising from, among other things, its negligence, fraud or intentional failure properly to fulfill its obligations (subject to certain limitations).

If the Sub-Fund is terminated or wound up, the assets will be liquidated and you will receive an appropriate share of any proceeds but you may lose part or all of your investment.

There is no compensation or guarantee scheme protecting you from a default of the Depository.

## What are the costs?

**The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.**

### Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.

- EUR 10,000 is invested

| Investment of EUR 10,000      | If you exit after 1 year | If you exit after 7 years |
|-------------------------------|--------------------------|---------------------------|
| <b>Total costs</b>            | EUR 130                  | EUR 1,381                 |
| <b>Annual cost impact (*)</b> | 1.3%                     | 1.3%                      |

(\*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 7.9% before costs and 6.6% after costs.

## Composition of costs

| One-off costs upon entry or exit                            |   | If you exit after 1 year |
|---|---|--------------------------|
| Entry costs   | We do not charge an entry fee for this Class.   | EUR 0                    |
| Exit costs  | We do not charge an exit fee for this Class.  | EUR 0                    |
| Ongoing costs taken each year                               |   |                          |
| Management fees and other administrative or operating costs | 1.11% of the value of your investment per year. This is an estimate based on actual costs over the last year.   | EUR 111                  |
| Transaction costs   | 0.19% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell. | EUR 19                   |
| Incidental costs taken under specific conditions            |   |                          |
| Performance fees  | There is no performance fee for this product.   | EUR 0                    |

## How long should I hold it and can I take my money out early?

### Recommended holding period (RHP): 7 years.

The RHP was chosen to allow sufficient time for this product to reach its objectives and avoiding short term market fluctuations.

The NAV for this Class is calculated on each Business Day, on the basis of the pricing of the preceding business day ("the Valuation Day"). For any subscription or redemption request received by the Fund, prior to 1 p.m. Luxembourg time, on the Valuation Day, the NAV calculated based on the pricing of the Valuation Day will be applicable.

## How can I complain?

In the event a natural or legal person wishes to file a complaint with the Fund in order to recognize a right or to redress a harm, the complainant should address a written request that contains description of the issue and the details at the origin of the complaint, either by email or by post, in an official language of their home country to the following address:

FundPartner Solutions (Europe) S.A.,  
15 Avenue J.F. Kennedy,  
L-1855 Luxembourg  
pfcslux@pictet.com

<https://www.pictet.com/ch/en/legal-documents-and-notes/key-information-document-complaint-procedure>
