## 2 PRINCIPALES PRINCIPIOS CONTABLES

### ■ PRESENTACIÓN DE LOS ESTADOS FINANCIEROS

Los estados financieros del Fondo se elaboraron de conformidad con las disposiciones legales y normativas en vigor en Luxemburgo en materia de organismos de inversión colectiva.

Los estados financieros se presentan en base al último Valor liquidativo (en lo sucesivo, "VL") calculado durante el periodo financiero. De conformidad con el folleto con fecha de abril de 2024 y el suplemento del folleto con fecha de mayo de 2024, los VL se calcularon empleando los valores de mercado y los tipos de cambio más recientes disponibles en el momento del cálculo, a saber:

- Para todos los Subfondos (salvo Amundi Funds Equity MENA): VL oficial con fecha de 28 de junio de 2024;
- Para Amundi Funds Equity MENA: VL oficial con fecha de 27 de junio de 2024.

En el informe anual a 30 de junio de 2024, los Subfondos fusionados o liquidados durante dicho ejercicio financiero se muestran de forma independiente en el Estado de operaciones y variaciones en el patrimonio neto y se incluyen en las cifras consolidadas.

Los estados financieros del Fondo y de cada uno de sus Subfondos se han preparado de conformidad con el principio contable de empresa en funcionamiento, excepto en el caso del Subfondo Global Macro Bonds & Currencies Low Vol.

El objetivo de Amundi Funds Protect 90 es brindar la oportunidad de participar en la evolución de los mercados financieros, al tiempo que brinda una protección parcial permanente de su inversión en cualquier periodo de tres años. Específicamente, el Subfondo está concebido para garantizar que el precio de sus acciones no caiga por debajo del 90% del valor liquidativo máximo que haya registrado desde el último día hábil del mes de abril anterior, según el folleto.

- **Inversiones cruzadas entre subfondos** - A 30 de junio de 2024, el valor de las inversiones de los Subfondos en otros de la SICAV asciende a EUR 809,545,087.52, lo que supone el 1.06% del valor liquidativo total. Por lo tanto, el VL consolidado total al cierre del ejercicio menos las inversiones cruzadas ascendería a EUR 75,735,141,619.48.
- **Cartera de títulos** - Los valores mobiliarios cotizados en una Bolsa de valores o en un mercado regulado se valoran a su último precio conocido. Cuando tales precios no son representativos o en caso de que los valores no coticen, se valoran a su valor de realización probable dentro de unos límites razonables, determinado con precaución y de buena fe por el Consejo de administración.
- **Conversión de partidas expresadas en divisas extranjeras** - Los estados financieros del Fondo se expresan en euros (EUR). Por tanto, el patrimonio neto de cada Subfondo expresado en divisas extranjeras se convierte y consolida en euros al tipo de cambio vigente al cierre del ejercicio financiero. Los costes de operaciones y adquisiciones respecto de los títulos en cartera expresados en divisas extranjeras se convierten a la divisa de contabilidad del Subfondo en cuestión al tipo de cambio en vigor en la fecha de la operación o de la adquisición, según proceda. Los valores de valoración de títulos en cartera y demás activos y pasivos expresados en divisas extranjeras se convierten a la divisa de contabilidad del Subfondo al tipo de cambio en vigor al cierre del ejercicio financiero. Las diferencias de cambio resultantes de tales conversiones se registran en el apartado "Reevaluación del patrimonio neto consolidado" en el Estado de operaciones y variaciones en el patrimonio neto.
- **Rendimiento de las inversiones** - Los dividendos se registran como rentabilidades en la fecha en la que se declaran y en la medida en que el Fondo pueda obtener la información adecuada. Los intereses se devengan diariamente.
- **Costes y gastos de distribución** - Todos los Subfondos corren con costes y gastos que les son específicamente atribuibles. Los costes y gastos no atribuibles a un Subfondo en concreto se distribuyen entre los Subfondos de manera equitativa, en proporción a sus respectivos patrimonios netos.
- **Pactos de recompra** - Los pactos de recompra (Repos) equivalen a los empréstitos garantizados por activos subyacentes presentados en la cartera de títulos del Subfondo que permanecen expuestos al riesgo de mercado. Los Pactos de recompra inversa (Reverse Repos) son similares a los préstamos garantizados. En este caso, el Subfondo no está sujeto al riesgo de depreciación del valor de los activos subyacentes. Los Pactos de recompra y recompra inversa se contabilizan como empréstitos o préstamos, respectivamente, por el importe de los activos líquidos recibidos y/o abonados.
- **Contratos de futuros** - Los contratos de futuros no vencidos se valoran a su último precio conocido en la fecha de valoración o de cierre y las plusvalías o minusvalías latentes derivadas de éstos se registran en el Estado del patrimonio neto. La ganancia/(pérdida) neta realizada y la variación neta en la ganancia/(pérdida) latente sobre contratos de futuros se registra en el Estado de operaciones y variaciones en el patrimonio neto.
- **Contratos de futuros-opciones de estilo** - Los contratos de futuros-opciones de estilo se valoran al precio disponible en una bolsa de valores oficial. Los depósitos al margen iniciales se abonan en efectivo en el momento de la formalización del contrato. El Subfondo abona o percibe periódicamente flujos de efectivo positivos o negativos posteriores, denominados márgenes de variación, que se basan en las fluctuaciones en el valor de mercado de los contratos de opciones de estilo futuros. Cuando el contrato está cerrado, el Subfondo en cuestión registra una ganancia o pérdida realizada equivalente a la diferencia entre el producto (o coste) de la transacción de cierre y la de apertura. Las revalorizaciones o pérdidas de valor netas latentes sobre contratos de futuros-opciones de estilo se contabilizan en el Estado del patrimonio neto. La ganancia/(pérdida) neta realizada y la variación neta en la ganancia/(pérdida) latente sobre contratos de futuros-opciones de estilo se registra en el Estado de operaciones y variaciones en el patrimonio neto.
- **Contratos de divisas a plazo** - Los contratos de divisas a plazo no vencidos se valoran a los tipos de cambio aplicables en la fecha de valoración o de cierre y las plusvalías o minusvalías latentes derivadas de éstos se registran en el Estado del patrimonio neto. La ganancia/(pérdida) neta realizada y la variación neta en la ganancia/(pérdida) latente sobre contratos de divisas a plazo se registra en el Estado de operaciones y variaciones en el patrimonio neto.
- **Valoración de las opciones y de las opciones sobre swaps** - Las opciones cotizadas oficialmente en una bolsa de valores o en cualquier otro mercado regulado, que opere de forma regular, reconocido y abierto al público, se valoran sobre la base de sus precios de cierre el día de valoración o, en ausencia de estos, sobre la base de los últimos precios conocidos disponibles. Las opciones OTC, incluidas las opciones sobre swaps, se valoran a precios de mercado en función de los elementos establecidos en sus contratos. Si los últimos precios conocidos para las opciones cotizadas o el precio calculado para las opciones OTC no son representativos, la valoración se basará en el valor potencial de realización estimado por el Consejo de administración de la Sociedad gestora con prudencia y buena fe. La ganancia/(pérdida) neta realizada y la variación neta en la ganancia/(pérdida) latente sobre opciones OTC opciones sobre swaps se registra en el Estado de operaciones y variaciones en el patrimonio neto.
- **Swaps** - El Fondo se encuentra autorizado para suscribir swaps de varianza, riesgo de impago, rentabilidad total, inflación, activos, tipos de interés o divisas. Estos swaps se registran a su valor de mercado en función de los elementos de valoración establecidos en los contratos. La ganancia latente neta se incluye en el asiento "Plusvalía latente neta sobre swaps y CFD" en el Estado del patrimonio neto y la pérdida latente neta se incluye en el asiento "Minusvalía latente neta sobre swaps y CFD" en el Estado del patrimonio neto. La ganancia/(pérdida) neta realizada y la variación neta en la ganancia/(pérdida) latente sobre swaps se registra en el Estado de operaciones y variaciones en el patrimonio neto.
- **Instrumentos del mercado monetario** - El mercado monetario es un instrumento financiero con una elevada liquidez y vencimientos muy cortos. Los participantes lo utilizan como vía para realizar operaciones de préstamo y empréstito a corto plazo, con vencimientos que suelen oscilar entre un día y justo por debajo de un año. Respecto de los instrumentos del mercado monetario, la acreencia (diferencia entre el coste y el valor amortizado) se registra en el asiento "Variación neta de la plusvalía/(minusvalía) latente sobre inversiones y deudas derivadas de pactos de recompra inversa" en el Estado de operaciones y variaciones en el patrimonio neto respecto de los títulos ostentados al cierre del ejercicio. Si los instrumentos se han vendido o reembolsado, este resultado se considera una "Ganancia/(pérdida) neta materializada sobre títulos vendidos" en el Estado de operaciones y variaciones en el patrimonio neto.

- Títulos Por Anunciar (PA)** - Las posiciones PA se refieren a la práctica de negociación habitual en el mercado de títulos con respaldo hipotecario por la que un título se extrae de un conjunto de hipotecas (p. ej., Ginnie Mae, Fannie Mae o Freddie Mac) a cambio de un precio fijo en una fecha futura. En el momento de la compra se desconoce el título exacto, aunque sí se especifican sus principales características. Aunque el precio se ha determinado en el momento de la compra, el valor del principal no se ha finalizado. Las posiciones PA se detallan en la Cartera de valores. La compra de este tipo de títulos no se ha liquidado y, por tanto, el importe correspondiente a la cantidad pagadera en la liquidación de la operación se desglosa en "Cuentas a pagar de intermediarios" en el Estado del patrimonio neto. La ganancia/(pérdida) neta materializada sobre los títulos PA y las variaciones en la plusvalía/(minusvalía) latente se describen en el Estado de operaciones y variaciones en el patrimonio neto, en las partidas de "Ganancia/(pérdida) neta realizada sobre títulos vendidos" y "Variación neta de la plusvalía/(minusvalía) latente sobre inversiones y deudas derivadas de pactos de recompra inversa", respectivamente. Riesgo de MBS / ABS Los valores respaldados por hipotecas y por activos (MBS y ABS) suelen conllevar un riesgo de amortización anticipada y de extensión, y pueden acarrear riesgos de liquidez, de crédito y de tipos de interés superiores a la media.
- Ganancia/(pérdida) neta materializada sobre títulos vendidos** - La "Ganancia/(pérdida) neta materializada sobre títulos vendidos" del Estado de operaciones y variaciones en el patrimonio neto refleja la diferencia entre los costes e ingresos por los títulos vendidos, incluida la repercusión del mercado así como de las divisas.
- Costes de operación** - Los costes de operación incluyen las comisiones de corretaje y las comisiones cobradas por el depositario respecto de las operaciones con títulos e instrumentos derivados. Las comisiones de operación se excluyen del coste de los títulos y derivados adquiridos o vendidos. Todas estas comisiones se registran en el capítulo "Comisiones de corretaje y transacción" del Estado de operaciones y variaciones en el patrimonio neto. Véase la nota 23, donde se describen las comisiones de recepción y transmisión de solicitudes.
- Contratos por diferencias (CFD)** - En cada fecha de valoración, la diferencia entre el precio de apertura y el precio de mercado actual del título subyacente o el índice para el CFD se registra como valor de mercado (ganancia o pérdida latente) del contrato; cuando el Subfondo formaliza una transacción de cierre, la diferencia entre el importe teórico de apertura y de cierre del título subyacente se registra como ganancia o pérdida realizada en las partidas de beneficio/(pérdida) neta materializado/(a) sobre swaps y CFD en el Estado de operaciones y variaciones en el patrimonio neto. Los depósitos de margen iniciales pueden realizarse en efectivo al formalizar el CFD. El Subfondo realiza o percibe periódicamente pagos, denominados márgenes de variación, que se basan en las fluctuaciones en el valor de mercado de los contratos CFD.
- Préstamo de valores** - En las operaciones de préstamo y empréstito de valores, un prestamista transfiere valores o instrumentos a un prestatario, con sujeción al compromiso de que el prestatario devolverá valores o instrumentos equivalentes en una fecha futura o cuando lo solicite el prestamista. El prestatario debe proporcionar una salvaguarda, en forma de garantía, vigente durante todo el periodo del préstamo y que sea al menos equivalente a la valoración global de los títulos prestados, más el valor de cualquier recorte de valoración que se considere apropiado en vista de la calidad de la garantía.

## 5 COMISIONES DE RENTABILIDAD

La comisión de rentabilidad se calcula de manera independiente para cada Clase de Acciones. Se devengará diariamente, y se deducirá y abonará anualmente respecto de cada Clase de Acciones. La comisión de rentabilidad se calcula comparando el VL de cada Clase de acciones del Subfondo pertinente y el activo de referencia.

El mecanismo aplicado se detalla en el web [www.amundi.lu/Amundi-Funds](http://www.amundi.lu/Amundi-Funds)

Los Subfondos y las Clases de Acciones sujetos a comisión de rentabilidad figuran en la web [www.amundi.lu/Amundi-Funds](http://www.amundi.lu/Amundi-Funds).

Respecto de todas las clases autorizadas en Hong Kong, tenga en cuenta que no se aplican comisiones de rentabilidad.

## 6 FISCALIDAD DEL FONDO - TAXE D'ABONNEMENT

En Luxemburgo, el Fondo estará, asimismo, sujeto a un impuesto del 0.05% anual respecto de los Subfondos de renta variable, fija, Multi Asset y Protected, a excepción de las inversiones de los mismos en otros organismos de inversión colectiva constituidos en Luxemburgo y ya sujetos a la *taxe d'abonnement* de conformidad con la ley (para los que no se aplica tal impuesto) y del 0.01% anual respecto de los Subfondos Cash, las Acciones de Clase H, I, J, M, O, OR, SE, X y Z de todos los Subfondos ("Taxe d'Abonnement"), resultando dicho impuesto pagadero trimestralmente en base al VL del Fondo al cierre del trimestre natural correspondiente.

El porcentaje del impuesto "Taxe d'Abonnement" del 0.01% anual está disponible para aquellos Accionistas admitidos en las Acciones de Clase H, I, J, M, O, OR, SE, X y Z en virtud de las disposiciones legales, normativas y fiscales de Luxemburgo de las que tenga conocimiento el Fondo en el momento de la admisión de un Inversor en dicha clase de acciones.

Sin embargo, no podrá otorgarse garantía alguna respecto del pasado o futuro y dicha valoración está sujeta a las interpretaciones de cualesquiera autoridades competentes existentes en su momento acerca del estatus de un Inversor apto de las Acciones de Clase H, I, J, M, O, OR, SE, X y Z. Cualquier reclasificación que realice una autoridad en lo que respecta al estatus de un Inversor podría someter a la totalidad de la clase a un porcentaje del impuesto "Taxe d'Abonnement" del 0.05% anual.

La exposición del fondo principal a bonos convertibles contingentes se limitará a un 10% del patrimonio neto.

Amundi Funds Target Coupon

El objetivo del Subfondo Amundi Funds Target Coupon es lograr una combinación de crecimiento de los ingresos y del capital (rentabilidad total). El Subfondo invierte específicamente como fondo subordinado en Amundi Revenus (fondo principal). El fondo principal y, en consecuencia, el Subfondo son productos financieros que promueven características ESG de conformidad con el Artículo 8 del Reglamento sobre la divulgación de información relativa a la sostenibilidad en el sector de los servicios financieros.

El fondo principal invierte fundamentalmente en instrumentos de deuda (bonos e instrumentos del mercado monetario) de todo tipo emitidos por estados o sociedades de todo el mundo y denominados en una de las divisas de la OCDE, con diversificación entre divisas y mercados de renta variable.

El equipo de inversión emplea entonces un análisis tanto técnico como fundamental, incluido un análisis de la prima de riesgo y de crédito, para seleccionar valores sobre la base de su potencial para generar ingresos (ascendente) y para construir una cartera altamente diversificada que pueda ofrecer una rentabilidad regular.

Además, el fondo principal trata de lograr una puntuación ESG de su cartera superior a la de su universo de inversión.

## 22 COMISIONES DE RECEPCIÓN Y TRANSMISIÓN DE SOLICITUDES

Las comisiones de recepción y transmisión de solicitudes:

- se abonan a Amundi Intermediation o a Amundi (UK) Ltd, por los servicios que éstas prestan a los Subfondos gestionados por Amundi, que consisten en centralizar las solicitudes y respaldar su mejor ejecución.

- se devengan con carácter diario y se abonan trimestralmente sobre la base de las transmisiones gestionadas por las partes vinculadas de Amundi.

En comparación con una gestora de inversiones que negocia las transacciones por su cuenta, la centralización de la orden permite, sobre todo, negociar mejores precios con los intermediarios gracias a un aumento del volumen de las transacciones, tener acceso a un mayor número de intermediarios y a más información sobre el mercado, beneficiarse de los conocimientos técnicos de los especialistas en negociación y controladores de negociación específicos.

Todas estas comisiones se registran en el capítulo "Comisiones de recepción y transmisión de solicitudes" del Estado de operaciones y variaciones en el patrimonio neto.

## 23 OPERACIONES CON PARTES VINCULADAS

Las partes vinculadas, en su calidad de intermediarios, también podrán llevar a cabo operaciones o invertir en divisas u otros productos financieros en nombre de cada Subfondo respecto del cual actúen como intermediarias o en su propio nombre o como contraparte para sus clientes, incluidos los casos en los que las partes vinculadas o sus clientes sean capaces de llevar a cabo operaciones en su propio nombre al mismo tiempo que en nombre de cada Subfondo. Las operaciones enumeradas en la tabla se han formalizado en el transcurso habitual del negocio y en unas condiciones comerciales normales.

El Fondo considera que las comisiones, primas y descuentos facturados por las partes vinculadas serán competitivos, a pesar de ser de su interés obtener unos porcentajes de comisión favorables, junto con primas y descuentos respecto de cada Subfondo.

Durante el ejercicio, se realizaron transacciones con partes vinculadas por un importe total de EUR 21,717,646,048.80, esto es el 8.59% de las transacciones totales realizadas durante el ejercicio.

Durante el ejercicio cerrado a 30 de junio de 2024, Amundi Funds llevó a cabo operaciones con partes vinculadas por valor de:

## 26 SWING PRICING

En los días de valoración en los que considere que la negociación de las acciones de un Subfondo requerirá compras o ventas significativas de inversiones en cartera, el Consejo de Administración podrá ajustar el VL del Subfondo para reflejar con mayor exactitud los precios reales de las operaciones subyacentes, basándose en los diferenciales de negociación estimados, los costes y otras consideraciones de mercado y de negociación. En general, el VL se ajustará al alza cuando haya una fuerte demanda de compra de acciones del Subfondo y a la baja cuando haya una fuerte demanda de reembolso de acciones del Subfondo. Dicho ajuste se aplica a todas las transacciones del Subfondo de un día determinado, cuando las demandas netas superan un determinado umbral establecido por el Consejo de Administración. Dichos ajustes obedecen al objetivo de proteger a los Accionistas a largo plazo de la SICAV de los costes asociados a la actividad continua de suscripción y reembolso y no pretenden abordar las circunstancias específicas de cada inversor individual. Para cualquier Día de Valoración, el ajuste normalmente no será superior al 2% del VL, pero el Consejo de Administración puede aumentar este límite cuando sea necesario para proteger los intereses de los accionistas.

Los importes ajustados publicados para el ejercicio cerrado el 30/06/2024 se contabilizan en el "Estado de operaciones y variaciones en el patrimonio neto", en la partida de "suscripciones/reembolsos netas/os".

## Informe de auditoría

A los accionistas de  
**Amundi Funds**

### Nuestra opinión

En nuestra opinión, los estados financieros adjuntos ofrecen una imagen fiel y auténtica de la situación financiera de Amundi Funds (en lo sucesivo, el "Fondo") y de cada uno de sus subfondos a 30 de junio de 2024, así como de los resultados de sus operaciones y variaciones en su patrimonio neto correspondientes al ejercicio cerrado en dicha fecha de conformidad con los requisitos legales y normativos de Luxemburgo relativos a la elaboración y presentación de los estados financieros.

### Qué hemos auditado

Los estados financieros del Fondo abarcan:

- la cartera de títulos a 30 de junio de 2024;
- el estado del patrimonio neto a 30 de junio de 2024;
- el estado de operaciones y variaciones en el patrimonio neto para el ejercicio cerrado en tal fecha; y
- las notas a los estados financieros, que incluyen un resumen de las principales políticas contables.

### Base de la opinión

Llevamos a cabo nuestra auditoría de conformidad con la Ley de 23 de julio de 2016 sobre la profesión de auditoría (Ley de 23 de julio de 2016) y con las Normas Internacionales de Auditoría (NIA) en su versión adoptada en Luxemburgo por la Commission de Surveillance du Secteur Financier (Comisión de supervisión del sector financiero, CSSF). Nuestras responsabilidades en virtud de la Ley de 23 de julio de 2016 y de las NIA adoptadas para Luxemburgo por la CSSF se describen de forma detallada en el apartado «Responsabilidades del auditor (*Réviseur d'entreprises agréé*) respecto de la auditoría de los estados financieros» de nuestro informe.

Creemos que la evidencia de auditoría que hemos obtenido es suficiente y adecuada para servir de base a nuestra opinión.

Somos independientes del Fondo de conformidad con el Código Internacional de Ética para Contables Profesionales, incluidas las Normas Internacionales de Independencia, emitido por el Consejo de Normas Internacionales de Ética para Contables (Código del IESBA) y adoptadas para Luxemburgo por la CSSF, junto con los requisitos éticos que son relevantes para nuestra auditoría de los estados financieros y hemos cumplido con nuestras otras responsabilidades éticas en virtud de dichas exigencias.

### Párrafo de énfasis

Llamamos la atención sobre la Nota 1 de los presentes estados financieros, en la que se indica que el Consejo de Administración del Fondo decidió suspender el cálculo del valor liquidativo, la emisión y el reembolso y la conversión de acciones del subfondo Russian Equity a partir del 28 de febrero de 2022 a raíz de las tensiones geopolíticas en curso y las sanciones impuestas a Rusia, que imposibilitaron la negociación o la valoración de la mayoría de los activos del subfondo. Nuestra opinión no ha cambiado respecto de esta cuestión.

### Otra información

El Consejo de Administración del Fondo es responsable del resto de información. Esta otra información comprende los datos especificados en el informe anual, pero no abarca los estados financieros y nuestro informe de auditoría sobre los mismos.

Nuestra opinión sobre los estados financieros no cubre el resto de información, y no podemos emitir ningún tipo de garantía al respecto.

En relación con nuestra auditoría de los estados financieros, es nuestra responsabilidad leer el resto de información identificada anteriormente y, en este proceso, revisar si esta es sustancialmente incoherente con los estados financieros o con los conocimientos adquiridos durante la auditoría, o si parece presentar otro tipo de incorrección sustancial. Si, basándonos en el trabajo que hemos realizado, llegamos a la conclusión de que existe una incorrección sustancial en esta otra información, estamos obligados a notificarlo. No tenemos nada que comunicar a este respecto.

### Responsabilidades del Consejo de Administración del Fondo respecto de los estados financieros

El Consejo de administración del Fondo se encarga de la elaboración y presentación fidedigna de los estados financieros de conformidad con los requisitos legales y reglamentarios de Luxemburgo a este respecto así como de los controles internos que el Consejo estime necesarios para permitir la elaboración de unos estados financieros exentos de incorrecciones sustanciales, ya sea por fraude o error.

En la preparación de los estados financieros, el Consejo de Administración del Fondo se encarga de evaluar la capacidad de este último y de cada uno de sus subfondos para continuar su actividad a modo de empresa en funcionamiento; revelar, si procede, aspectos relacionados con la empresa en funcionamiento y emplear esta base de contabilidad, salvo que dicho Consejo tenga intención de liquidar el Fondo o cualquiera de sus subfondos, o interrumpir sus operaciones, o no le quede otra alternativa realista.

#### Responsabilidades del *Réviseur d'entreprises agréé* respecto de la auditoría de los estados financieros

Los objetivos de nuestra auditoría son obtener una certeza razonable acerca de si los estados financieros en su conjunto están exentos de incorrecciones sustanciales, ya sea por fraude o error, y emitir un informe de auditoría con nuestra opinión. La certeza razonable constituye un nivel de garantía elevado, si bien no garantiza que una auditoría realizada de conformidad con la Ley de 23 de julio de 2016 y con las NIA adoptadas para Luxemburgo por la CSSF siempre vaya a detectar incorrecciones sustanciales en caso de que existan. Pueden registrarse incorrecciones por fraude o por error, y estas se consideran sustanciales si, individualmente o en conjunto, cabe esperar razonablemente que influyan en las decisiones económicas adoptadas por los usuarios basándose en los estados financieros.

En el marco de una auditoría de conformidad con la Ley de 23 de julio de 2016 y las NIA adoptadas para Luxemburgo por la CSSF, aplicamos nuestro juicio y escepticismo profesional en el transcurso de la auditoría. Asimismo:

#### Asimismo:

- identificamos y evaluamos los riesgos de incorrecciones sustanciales en los estados financieros, ya sea por fraude o error; diseñamos y aplicamos procedimientos de auditoría que respondan a esos riesgos y obtenemos evidencias de auditoría suficientes y adecuadas como para basar nuestra opinión. El riesgo de no detectar una incorrección sustancial derivada de fraude es mayor que en el caso de las causadas por errores, ya que el fraude puede implicar connivencia, falsificación, omisiones intencionadas, tergiversaciones o el incumplimiento de los controles internos;
- obtenemos información sobre los controles internos relevantes para la auditoría de cara a diseñar procedimientos de auditoría adecuados a las circunstancias pero no para expresar una opinión sobre la efectividad de los controles internos del Fondo;
- evaluamos la adecuación de las políticas contables utilizadas y la aptitud de las estimaciones contables y los desgloses realizados por el Consejo de Administración del Fondo;
- llegamos a una conclusión sobre la idoneidad del uso del principio de empresa en funcionamiento a cargo del Consejo de Administración del Fondo y, basándonos en las evidencias de auditoría obtenidas, si existe incertidumbre sustancial respecto de acontecimientos o situaciones que pudieran sembrar dudas significativas sobre la capacidad del Fondo o de cualquiera de sus subfondos para seguir operando como empresa en funcionamiento. Si llegamos a la conclusión de que un existe incertidumbre sustancial, estamos obligados a destacar en nuestro informe de auditoría los desgloses correspondientes en los estados financieros o, en caso de que tales desgloses sean inadecuados, modificar nuestra opinión. Nuestras conclusiones están basadas en las evidencias de auditoría obtenidas hasta la fecha de nuestro informe de auditoría. No obstante, determinados acontecimientos futuros podrían causar que el Fondo o cualquiera de sus subfondos (excepto Global Macro Bonds & currencies Low Vol, para el que existe la posibilidad de liquidación) dejen de operar como empresa en funcionamiento.
- evaluamos la presentación general, estructura y contenido de los estados financieros, incluidos los desgloses de información, y si estos reflejan las operaciones y acontecimientos subyacentes de forma que se consiga una presentación fidedigna.

Comunicamos a los responsables del gobierno corporativo, entre otros aspectos, el alcance y el calendario previstos para la auditoría, así como los hallazgos de auditoría significativos, incluidas las deficiencias relevantes en los controles internos que identifiquemos durante nuestra auditoría.

También proporcionamos a los encargados del gobierno corporativo una declaración de que hemos cumplido los requisitos éticos pertinentes en materia de independencia, y les comunicamos todas las relaciones y demás cuestiones que razonablemente pueda pensarse que afectan a nuestra independencia y, en su caso, las medidas adoptadas para eliminar las amenazas o las salvaguardias aplicadas.

Todas las operaciones son bilaterales.  
Los subfondos respetan en todo momento la siguiente restricción: "El efectivo recibido como garantía de contratos OTC y pactos de recompra directa ha de ser superior a la suma de los depósitos en entidades de crédito, las inversiones en deuda pública de alta calidad, operaciones con pactos de recompra inversa con entidades de crédito e inversiones en fondos del mercado monetario a corto plazo". El efectivo se gestiona en conjunto; el proceso de gestión de las inversiones no aísla específicamente el efectivo recibido como garantía del resto del efectivo. Las garantías otorgadas por los Subfondos en el marco de los contratos de recompra se mantienen en cuentas segregadas.  
Los intereses percibidos y abonados en virtud de los contratos de recompra directa e inversa se desglosan en el Estado de operaciones y variaciones en el patrimonio Neto, para cada Subfondo, en las partidas "Intereses percibidos en contratos de recompra directa e inversa" e "Intereses abonados en contratos de recompra directa e inversa".

\* El total no incluye las garantías en efectivo.

Todas las operaciones son bilaterales.  
Para cada contraparte y cada subfondo, se realiza un seguimiento de las posiciones de garantía de forma global para todos los tipos de instrumentos OTC.  
La garantía en efectivo se gestiona en conjunto; el proceso de gestión de inversiones no aísla específicamente el efectivo recibido como garantía de otro tipo de efectivo.  
Las rentabilidades y los costes originados por operaciones de swaps de rendimiento durante el ejercicio cerrado a 30 de junio de 2024 se incluyen en la valoración de los swaps.

POLÍTICA Y PRÁCTICAS DE REMUNERACIÓN

La política de remuneración de Amundi Luxembourg S.A. cumple con los requisitos detallados en la Directiva Europea 2014/91/UE, en vigor desde el 18 de marzo de 2016 y traspuesta a la legislación luxemburguesa el 10 de mayo de 2016. La política de remuneración se basa en el marco de remuneración del grupo Amundi, es objeto de revisión anual y la aprueba el Consejo de Amundi Luxembourg. La política está sujeta a una revisión independiente a cargo del departamento interno de Cumplimiento. En las principales evoluciones de 2023, la política de remuneración estaba vinculada a "Amundi Ambition 2025" y a criterios ESG y el Riesgo de Sostenibilidad. Se han añadido criterios cualitativos y cuantitativos para Gestión de Inversiones y Ventas y Marketing. No se registraron cambios significativos en la política de remuneración aprobada en años anteriores.

La política aplicable para 2023 fue aprobada por el Consejo de Amundi Luxembourg el 05 de octubre de 2023. El Comité de remuneración del Grupo Amundi revisa anualmente la política de remuneración del grupo. La revisión de 2023 tuvo lugar el 2 de febrero de 2023. La política de remuneración y los objetivos de prácticas fomentan una gestión sólida y eficaz del riesgo y son coherentes con este fin, puesto que alinean la remuneración con los resultados y los riesgos a largo plazo para evitar conflictos de intereses. Los componentes de la remuneración fija están vinculados a las funciones cubiertas, los servicios profesionales prestados y el alcance de las responsabilidades, reflejando así el nivel de cualificación académica, los niveles de remuneración del mercado, la experiencia y las habilidades necesarias para cada puesto, así como el nivel de excelencia demostrado. La remuneración variable está concebida para promover un desarrollo sostenible a largo plazo de la Sociedad de Gestión y un sistema de gestión de riesgos sólido y eficaz. Los otorgamientos de retribución variable tienen en cuenta el desempeño del empleado, de su unidad de negocio y del grupo Amundi en su conjunto, y se basan en criterios tanto financieros como no financieros. Amundi Luxembourg S.A. y el grupo Amundi han definido a todo el personal identificado como con autoridad o influencia sobre los fondos que Amundi gestiona, y que por tanto es probable que influyan en la rentabilidad o el perfil de riesgo de los fondos.
